

SorbMore® DripLock™

Advanced Absorbent Pad for Leak and Spill Management

Superior Absorption for Cleaner, Safer Facilities

SorbMore® DripLock™ is an innovative absorbent pad designed to help building service contractors manage leaks, spills, and water-related maintenance challenges with ease. Whether absorbing leaks from commercial trash can liners, containing appliance leakage, or managing large-scale water spills, SorbMore DripLock provides a reliable, mess-free solution.

SorbMore DripLock is a high-performance pad that absorbs up to 128 liquid ounces of water-based fluids. Measuring 17" x 17", it's versatile enough for a wide range of cleaning and maintenance applications, reducing slip hazards and simplifying cleanups in high-traffic areas.

Features

High Absorption Capacity – Holds up to 128 oz. of water-based liquid.

Versatile & Multi-Use – Adapts to a wide range of leak and spill containment needs.

Reduces Cleaning Time & Labor – Minimizes the spread of spills and simplifies maintenance.
