

SATWIPES® Wipes (C1)

Nonwoven wipes presaturated with acetone

Contec's SATWIPES Solvent Wiping System consists of nonwoven presaturated wipes dispensed from a center-pull roll in a reusable canister. Our canisters, pouches and lids have been proven to withstand contact with the harshest of solvents. To preserve product integrity, SATWIPES rolls are packaged in specially designed foil pouches, which are opened and loaded into sturdy SATWIPES canisters. SATWIPES are tailored to specific tasks in your facility. This ensures that the right size wipe with the correct amount of solvent is used each time. Durable reusable canister with self-closing lid reduces waste, solvent use and VOCs.
