

Is Your Health Club Making People Sick?

Cleanliness should be the last thing on a guest's mind while getting their sweat on. But all too often, dirty towels and mops merely move germs, dirt, and sweat across your facility's many high-touch surfaces leaving behind potentially harmful pathogens – and leaving customers grossed out. Due to an abundance of fluid and touch points cleaning should include every surface-floors, walls, vents and everything in between.

88%

Percentage of adults who say they wouldn't exercise in a gym or athletic facility they felt was unclean²

362x

More bacteria found on free weights than on a toilet seat.¹

74x

The bacteria on a treadmill than on a faucet in a public restroom.²

Most Likely To Offend:

72%

Unpleasant Odors

71%

Dirty Equipment

71%

Unclean Restrooms/ Locker Rooms

55%

Dirty floors

52%

Lack of cleaning products to wipe down equipment

46%

Spills/stains on the floor or carpet

36%

Dusty surfaces
