1-in-5

I/Ps trust their facility's laundering system
"Completely"

17%

Percentage of I/Ps who would "Definitely" drink a glass they had just wiped with a recently laundered mopping pad

Percentage of I/Ps who have **NEVER** observed a visual audit of their facility's laundry process by senior leadership.

"Clean laundry sometimes comes back with stains. Sometimes it comes back damaged, torn or tattered. Sometimes we don't get all of it back and are charged for "missing or lost pieces."**
