

This Calls For A **PROFESSIONAL**

Need a Professional? Contec Can HELP™

Fitness facilities, like the people who use them, come in all sizes. Don't let the appearance of yours keep people from getting the most from the experience. Put another way: how clean a piece of equipment is should be the last thing on a member's mind while getting their sweat on. Yes, all too often, dirty towels and mops merely move germs, dirt, and sweat across your facility's "high-touch" surfaces. For an improved environment, *exercise* your better judgment with our Athletix Products™ Equipment Cleaner Wipes, Athletix Products™ Disinfectant Wipes, and *Laundry-Free*™ Premira® line of disposable microfiber mops, wipes and dusters.

This Calls for a Professional.

Introducing the Contec® HELP System™
